Loganville Borough Mayor's Report – April 2023

Issues/Concerns/Requests: none

Mayor Report Summary:

- Pennsylvania State Police (PSP) Report: none received
- District Court Reports: none received
- Emergency Management (EM):

- Fire Police Requests: none received
- Weather Emergencies:

▪ York County Office of Emergency Management (OEM) Duty Officers provided thirteen National Weather Service Central Pennsylvania Weather Briefings throughout the month, one of which was significant enough to pass to Borough Council (BC).

- EM Coordinator (EMC):

▪ Correspondence:

• The York County Planning Commission (YCPC), which is managing the York County Hazard Mitigation (HazMit) Plan (HMP) Update, requested participation in a Stakeholder Assessment Survey on Thursday, March 9 with a response date of Sunday, March 19. Survey responses were to address high-risk hazards. On Monday, March 20, EMCs were informed that the survey was reopened until Friday, March 24. Digesting the 524 page HMP was a daunting task. I attempted to respond at 1:30pm on the final day (March 24), but the survey had already been closed. I informed York County OEM of this and they indicated that there had been issues.

▪ Meetings/Training:

• York County OEM Quarterly EMC Training will be held at OEM, 120 Davies Drive, York on Thursday, January 12th from 6:30-9:00 PM. Topics will be:

- Hazard Mitigation Information Session
- Special Considerations relating to agriculture
- Resources available to EMCs

- Other Correspondence: none

- Miscellaneous:
 - On Tuesday, February 21st I notified MetEd/FirstEnergy that the street light near the intersection of Park Street and Ness Court (79 Park Street, Pole No. 29084-1902) was not working. FirstEnergy Lighting Request W001606890104 was generated and the repair was completed on Monday, March 6.

Respectfully submitted,
