Loganville Borough Mayor's Report – June 2022

Issues/Concerns/Requests:

- On May 12th, a concerned citizen informed me that they'd seen numerous lawns that appeared to be in violation of Loganville Ordinance 2006-2 with Revision 2009-1 (Grass and Weeds Excessive Height www.LoganvillePA.us/pdfs/2006-1.pdf). On May 13th, I made numerous trips around the borough and identified over a dozen such properties. I compiled numerous notes and other data and researched property owner addressees, as some are rental properties. I also visited over half of the properties in an attempt to contact the residents +/- owners with some success. By the end of May, all of the lawns were in compliance with the ordinance except one. During discussions with the Borough Council (BC) President, the concept of a Door Hanger for placement at residences where no one was home on my visits emerged. I subsequently developed a Sample (1st enclosure).

- On the afternoon of May 23rd, I observed a youth riding his bike on the Goodling Community Park baseball diamond. I approached the young man at the right field dugout, identified myself and informed him that the field is for baseball, not bike riding. It turned out that he was one of the two boys that were reported in last month's report on April 26th and 27th, and the two of them were together at the field. Shortly thereafter, the girl that was with them last time rode up to the field to meet them. I explained that if actions such as this were to happen again, the borough would be contacting their parents. The bike rider will be a 9th grader at York County School of Technology next school year and the other will be an 8th grader at Dallastown Area Middle School. Later that afternoon, BC Member Joe Cadd provided me my official Borough Identification Badge.

Mayor Report Summary:

- Pennsylvania State Police (PSP) Report: none received
- District Court Reports: none received
- Emergency Management (EM):
 - Fire Police Requests: none received

- Emergency Management (EM) (cont):
 - Weather Emergencies: York County Office of Emergency Management (OEM) began provided numerous National Weather Service (NWS) Weather Briefings throughout the month which were passed to BC. In addition, there were three incidents that occurred during the month as follows:
 - 5483 - May 6th: Category: Adverse / Severe Weather; Event Type: Flooding / Flash Flooding; County: York County; Jurisdiction: *County Wide*
 - 5521 - May 12th: Category: Utility Emergency; Event Type: Phone / Communication Outage (Text 911 system failure) ; County: York County; Jurisdiction: *County Wide*
 - 5570 - May 20th: Category: Adverse / Severe Weather; Event Type: High Winds; County: York County; Jurisdiction: *County Wide*
 - EM Coordinator (EMC): On Monday, May 23rd, EMCs received an introductory email from Cody Santiago, the newly appointed York County Director of Emergency Management (2nd enclosure).
 - Meetings/Training: none
- Correspondence: An Ordinance Violation Letter was submitted on June 1st per Ordinance 2006-2 with Revision 2009-1 (Grass and Weeds Excessive Height) as previously described.
- Miscellaneous: none

Respectfully submitted,
